

# *Remember Bradford Woods?*

Since Bradford Woods opened in 1955, thousands of campers and visitors have participated in programs and activities at Indiana University's premier outdoor center. As we approach the 100th anniversary of the Bradford Family Fair, Bradford Woods and the Department of Recreation, Park, and Tourism Studies are attempting to reconnect with its alumni to inform them of upcoming special events and activities. We also want to provide them with information about the various programs we offer (family reunions, corporate training, faith-based outings, retreats, camps, environmental education curriculum and others). If you participated in a program or activity at Bradford Woods, please contact Michael or Stephanie at the phone number or email address listed below. Alumni who contact us by May 31st will be registered for a drawing for a \$100 Bradford Woods gift certificate and BW apparel.
